Fairly flat = Usually towards River Severn.

Slightly hilly = Either one hill or some moderate hills.

Hilly = One or two steep hills or many moderate hills.

Very hilly = Lots of climbing, bring spare knees!

## Newsletter

Welcome everyone, we have a good and varied rides for May/June and are hoping for a good turnout, weather permitting 😎.

Geoff Ward is organising a skittles social get together at Shortwood FC, GL6 0SJ near Nailsworth on Friday May 22, £5 on the day, please let Geoff know whether you would be interested (phone number 07837 760407), be there for 6.30pm to start at 7pm sharpish? (maybe) there is plenty of parking and if you require a lift to the venue I will see how many are interested as this would determine how many vehicles and who would be available to offer lifts, the bring and share is a good idea as there is no food at the venue, there is a bar with good value drinks (Geoff's words not mine! 😊) let's hope for a good turn out as social gatherings seem to be a bit of a hit and miss.

I will be organising another treasure hunt for around July/August, if you are interested in taking part contact me, 07967 276404.

I am looking for a leader for Jonathan Marshall's ride to The Courtyard Cafe Sherston to be put on the July/August list, I am not familiar with the area he has described beyond Chavenage, the ride in brief > Dudbridge, Avening, Chavenage, Westonbirt, Sherston, return Leighterton, Bowldown Lane, Horsley, Dudbridge, the suggestion is good and somewhere different than the usual runs, please contact me if you're interested leading this ride, looking at google maps its approximately 35 miles.

For future reference any rider wanting to join a ride other than the start point, please let the leader know ahead of the start time so they know who to wait/look out for you.
